

USE OF SANCTUARY FOR PRAYER

Mondays

9:30 am – 11:30 am

All persons are required to wear masks and honor 6' social distancing guidelines at all times.

Please bring with you your Bible if you wish to read scriptures during your time in prayer, and a pen or pencil to sign in upon arrival.

Enter through the parking lot doors; only this doorway will be unlocked. Upon entering, use the hand sanitizer found in the lobby, and (using your own pen or pencil) add your name to the sign-in registry.

Please go to the office, where the office administrator will greet you and ask a series of simple wellness questions, take your temperature to insure you do not have a fever, and confirm that you have submitted a waiver.

Upon entering the sanctuary, you will find two items on the side table: a page of devotional suggestions for those interested, and a container of sanitizing wipes for use at the end of your visit.

Please sit at least six feet apart from any others present in the sanctuary.

At the end of your visit, you shall take sanitizing wipes (found at the table in the entry) and wipe down any surfaces you touched, and dispose of them and any papers in the trash container found at the entrance.

Use of bathrooms:

Bathrooms will be open for use; only one person at a time.

Each person shall use the available sanitizer wipes to wipe down any surfaces they touched prior to leaving, and dispose of them in the trash container.

Once the WNS is in session, only the bathrooms on the lower level will be available.
